Personal Summary

Having a mother as a professional Chef, I grew up in a hotel/ kitchen environment, involved in all hospitality and culinary aspects.

Whilst travelling through Europe as a trained Veterinary assistant for Sports horses, I discovered my passion for international cuisine and found in yachting the ideal scenario to combine my desires of travel and cooking. Over the last 20+ years in yachting, I have travelled worldwide and expanded my knowledge in different cuisines and love to satisfy my guests whilst respecting the location by sourcing and provisioning locally.
